

# AVANOS

The **ambIT® PIB+PCA Pain Control System** is designed to provide you with easy and effective pain management.

- Brand new electronic pump for every patient
- Improved programming for quick setup
- Ability to customize for continuous or intermittent delivery of up to 1000mL of local anesthetic
- Compatible with the ON-Q\* SilverSoaker\* Catheter for incisional applications

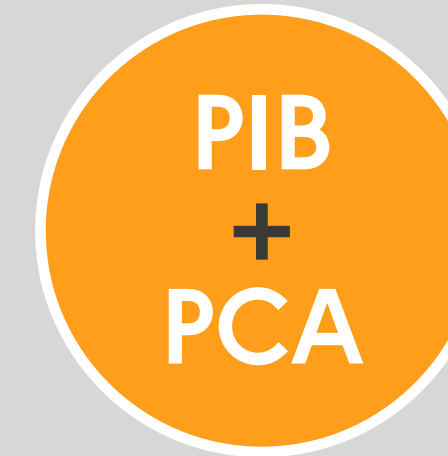

## THREE UNIQUE PROGRAMS:

**Patient Controlled Analgesia**  
Continuous basal rate and optional patient-controlled bolus

**Programmable Intermittent Bolus**  
Regularly occurring doses of medication

**Combined PCA and PIB**  
Regularly occurring doses of medication and manual bolus options

**EACH PIB+PCA PAIN CONTROL SYSTEM CONTAINS THE FOLLOWING ITEMS:**

- PIB+PCA Pump
- Cassette with Spike or Luer
- Button Guard
- AA Batteries
- Carry Pouch
- Instructions for Use

**The PIB+PCA pump has been upgraded.**

- Refreshed aesthetics
- Faster programming
- Ability to correct errors quicker during programming
- Clearer alarm indicators

ORDERING CODE	DESCRIPTION	CONNECTOR FOR DRUG BAG
220573	PIB-PCA v1.5 System with Luer Cassette	Luer Connector
200574	PIB-PCA v1.5 System with Spike Cassette	Spike Connector

The ambIT® PIB+PCA product portfolio is part of a larger ON-Q\* offering of products, including a full range of pumps, needles, catheters, trays and additional accessories, along with a comprehensive training, education and support system to provide effective pain relief for your patients.
